

Road Warrior

Carousel Kings

Take to the road
Until my eyes close
I'll never be the one

Help me stand on my own two feet again
Your command is so demanding
Forgive me I know my inconsistencies
Consistently destroy your vision of me
I never wanted you to find me this way

Take to the road
Until my eyes close
I'll never be the one
Check my pulse and my heart's still beating
Check my spit and it still tastes like you you you

I fell so hard for you
I can't get back up now that you're gone
Now that you're gone
I never wanted you to find me this way
I always thought
That it'd make you want to leave me
If I could do it a second time
If I could do it a second time
I'd write you out of every line
I'd write you out of every line

Take to the road
Until my eyes close
I'll never be the one
Check my pulse and my heart's still beating
Check my spit and it still tastes like you you you

Take to the road
Until my eyes close
I'll never be the one
Check my pulse and my heart's still beating
Check my spit and it still tastes like you you you
