

Better Off Alone

Carpark North

Everything is breaking apart
A thousand pieces just got up like stars
And I don't know where to look at my heart
It's madness
You're the cold that I cannot break
But you're the risk that I always take
And you are my favourite mistake
It's madness, madness

And I crash and burn
But I still don't learn, do I?
So I let go
'Cause your heart of steel
Wasn't meant to feel, was it?
So I let go
I'm better off alone
I'm better off alone

I bleed my heart out every day
'Til there is nothing left for me to say
And you're the one that just spits in my face
It's madness
I am the clash, you're the wrecking ball
Why can't I leave you once and for all?
Am I just another brick in your wall?
It's madness, madness

And I crash and burn
But I still don't learn, do I?
So I let go
'Cause your heart of steel
Wasn't meant to feel, was it?
So I let go
I'm better off alone
I'm better off alone

With you, it'll always be like this
As I fall in love, start falling down
I knew from the very first kiss
As I fall in love I start falling down

And I crash and burn
But I still don't learn, do I?
So I let go
'Cause your heart of steel
Wasn't meant to feel, was it?
So I let go
I'm better off alone
I'm better off alone
'Cause your heart of steel
Wasn't meant to feel, was it?
