

Heroes

Carpark North

Here we go, yeah
Wooh, come on

At the flick of a switch, we are one, we're united
Blood is pumping, heart is beating fast
When you feel the ground shaking and breaking, you're rising
Time to get up, ain't no looking back

Side by side, all in line
Stand our ground
That's how we're gonna take 'em on one by one
Round by round

We become heroes
We become heroes, oh

We become heroes, yeah
We are, we are one, hey, come on (ey)

Rush of blood wakes you up, you are fast like an arrow
Eyes wide open, breath is getting fast
There's no stopping, no dropping from hundred to zero
Only forward, ain't no looking back

Side by side, all in line
Stand our ground
That's how we're gonna take 'em on one by one
Round by round

We become heroes (yeah)
We are, we are one, hey, come on
We become heroes (oh)
We are, we are one, hey, come on (yeah)

We become heroes (ooh, yeah)
That's what we are
Get up, get up, stand your ground
Get up, get up, get up (hey)
Get up, get up, stand your ground
Get up, get up, get up
We become heroes
We become heroes
We become heroes
We become heroes

We've become heroes (yeah)
We are, we are one, hey, come on (yeah)
We've become heroes (yeah)
We are, we are one, hey, come on
Come on, yeah (okay, wooh)
