

Unbreakable

Carpark North

Standing here, eyes on the horizon
Side by side, the wind is blowing in our eyes
We're not afraid, we're breathing slowly
This is home, this is what defines me
From right here, everything just looks so clear
We're sheltered by the nights

When we stand
Right here, right now
In this moment
Lightyears above ground

We can take on the world, the world, the world
We can take on the world, you and me
We can take on the world (world)
As long as we're together
We're unbreakable
We're unbreakable
We're unbreakable

I'm your shield, you are my armor
Another search for something greater than us
We'll walk the end of the world together
Towards the dawn, towards the future
To a time where we can reach for the sky
Until our kingdom come

So we stand
Right here, right now
In this moment
Lightyears above ground

We can take on the world, the world, the world
We can take on the world, you and me
We can take on the world (world)
As long as we're together
We're unbreakable
We're unbreakable
We're unbreakable

We can take on the world
We can take on the world
We can take on the world
We can take on the world

We're unbreakable
We're unbreakable
We're unbreakable
We're unbreakable
We're unbreakable
