

Can't Smile Without You

Carpenters

You know I can't smile without you
I can't smile without you
I can't laugh and I can't sleep
I don't even talk to people I meet

And I feel sad when you're sad
I feel glad when you're glad
You must know what I'm going through
I just can't smile without you

You came along just like a song
You brightened my day
Who'd believe you were part of a dream
That only seemed light-years away

And you know I can't smile without you
I can't smile without you
And you must know what I'm going through
I just can't smile without you

Some people say that happiness wave
Is something that's hard to find
Into the new, leaving the old behind me

And I feel sad when you're sad
I feel glad when you're glad
And you must know what I'm going through
I just can't smile without you

Into the new, leaving the old behind me
And I feel sad when you're sad
I feel glad when you're glad
And you must know what I'm going through
I just can't smile without you
