**C**  
Now I'm blessed  
**C** **C**  
I felt a revelation comin' around  
**C**  
I guess it's right  
**C**  
It's so amazing  
**G** **C**  
Everytime I see you, I'm alive  
**Am**  
You're all I've got  
**D**  
You lift me up  
**Am** **C**  
The sun and the moonlight  
**D**  
All my dreams are in your eyes
- G** **C**  
R: I wanna be inside your heaven  
**Am**  
Take me to the place you cry from  
**Am** **C** **D**  
Where the storm blows you away  
**G** **C**  
I wanna be the one to hold you  
**Am** **C**  
Every bit of air you're breathing in  
**A**  
A soothing wind  
**G**  
I wanna be inside your heaven
- Am** **C**  
\*: When minutes turn to days and years  
**Am** **D**  
If mountains form I'll still be here  
**Am** **C** **D**  
Holding you until the day I die
- R: I wanna be inside your heaven  
Take me to the place you cry from  
Where the storm blows you away  
I wanna be inside your heaven  
Take me to the place you cry from  
Where the storm blows you away  
I wanna be the one to hold you  
Every bit of air you're breathing in  
A soothing wind  
I wanna be inside your heaven
