

# In-Between

Carrollton

It's easy to praise Your name from the mountains  
Or call on You from below  
When everything's going right for me  
Or I'm feeling alone  
There have been times I have stood in victory  
Or fallen in defeat  
But most of my time is spent in the days  
In the days in between

You are the God for my days  
I will trust in all Your ways  
Take my hands and guide my feet  
I know You're leading me  
I'm gonna dance with You in the in between

I've been reading amazing stories  
Of all the faithful ones  
And wondering why every day  
Doesn't look like that for me  
Show me the miracles in the simple  
Open my eyes to see  
The beautiful life is found in the journey  
In the days in between

You are the God for my days  
I will trust in all Your ways  
Take my hands and guide my feet  
I know You're leading me  
I'm gonna dance with You in the in between

I'm gonna dance  
Gonna dance with You  
Dance with You

I'm gonna dance  
Gonna dance with You  
Dance with You

I'm gonna dance  
Gonna dance with You  
Dance with You

I'm gonna dance  
Gonna dance with You  
Dance with You

I'm gonna dance  
Gonna dance with You  
Dance with You

You are the God for my days  
I will trust in all Your ways  
Take my hands and guide my feet  
I know You're leading me  
I'm gonna dance with You in the in between

Gonna dance, gonna dance with You

Every day in the in between

Dance, dance

Dance, dance
