

Promises

Carrollton

I know You hear me
Even when my voice runs out
Every whisper, every shout
I know You hear
You say You're near me
Whenever I draw near to You
Lord, Your promises are true
I know You're near
Lord, Your promises are true
I know You're near

I'm holding on to what You said
You will not leave me
No, You won't forget
You come through like You said You would
I'm holding on for You are good
For You are good

I know You lead me
Every step along the way
The darkest nights and brightest days
I know You lead
Oh, You forgive me
When I call upon Your grace
I don't have to hide my face
'Cause You forgive
Oh, I don't have to hide my face
'Cause You forgive

I'm holding on to what You said
You will not leave me
No, You won't forget
You come through like You said You would
I'm holding on for You are good

When I can't find a place to stand
All other ground is sinking sand
I'm holding to Your promises
My hope is built on nothing less
My hope is built on nothing less

I'm holding on to what You said
You will not leave me
No, You won't forget
You come through like You said You would
I'm holding on for You are good
I'm holding on to what You said
You will not leave me
No, You won't forget
You come through like You said You would
I'm holding on for You are good
