reaching out  
can you hear me  
i said im reaching out  
but no one's near me  
and through all this i've been reaching out blindly  
and so it comes down and i don't know anything  
it always comes around  
and fighting always seems just like

that i'll never know  
and you never will  
still i'll never know  
and you wont until someone stands up  
then you'll get some answers

well here goes nothing yeah i'm standing up  
and i'll get nothing if it's not enough  
but they wont say what they're holding back from us  
and so it comes down and i don't know anything  
it always comes around  
and fighting always seems just like

that i'll never know  
and you never will  
still i'll never know  
and you wont until someone stands up  
then you'll get some answers  
(2x)

i'll tell you this is something that you'll never hear  
they knew it then and they've been holding back for years  
and if you're not getting answers ask better questions.....

that i'll never know  
and you never will  
still i'll never know  
and you wont until someone stands up  
then you'll get some answers
