

Changed

Carter Faith

Before you walk away
Let me run my fingers through your hair one more time
Before we're yesterday
Let me take a picture of you in my mind

Before we're really over, hold me one more night
My head on your shoulder, like everything's alright
We didn't get it wrong, we just didn't get it right

Your love made me better, even with the pain
We may not stay together, but nothing is in vain
We didn't last forever, but, baby, I'm forever changed

The thing about the truth
Is once you know the truth, you can't unknow
You can't unfeel a touch
Honey, when that touch has touched your soul

My heart rearranged, the second you walked in
I'm sorry that our story has to end
I loved you too long to ever be the same again

Your love made me better, even with the pain
Mmm, we may not stay together, but nothing is in vain
We didn't last forever, but, baby, I'm forever changed
Mmm

I hope you always smile when you think of me
I hope you just see sky when you think of me
And you forget the rain

Your love made me better, even with the pain
Mmm, we may not stay together, but nothing is in vain
We didn't last forever, but, baby, I'm forever changed

Mmm, changed
Mmm
