

Arizona

Carter Vail

You're getting sober
I'm getting harder to stand
Arizona
What did you mean when you said

Nobody gets their kicks for free
I'm coming out like a gunshot, gunshot
We're gonna fall eventually
So baby don't stop, don't stop
Do it again

If it's a saying
Well, then I don't understand
I'm tired of waiting
For you to show me your hand

You play stupid
Just enough to mess with my head
Arizona
Tell me what you mean when you said

Nobody gets their kicks for free
I'm coming out like a gunshot, gunshot
We're gonna fall eventually
So baby don't stop, don't stop
Do it again, oh

Uh-huh, uh
Okay
I hopped the fence to the cemetery
At the end of your cul-de-sac
When the ball had gone to heaven
Nothing ever makes it back
But I'm a cowboy and you're a ghost town
Don't you want to see me fly
To the movies to the drugstore
Nothing makes it out alive

Nobody gets their kicks for free
I'm coming out like a gunshot, gunshot
We're gonna fall eventually
So baby don't stop, don't stop
Do it again
Nobody gets their kicks for free
I'm coming out like a gunshot, gunshot
We're gonna fall eventually
So baby don't stop, don't stop (To the movies to the drugstore)
Do it again (Nothing makes it out alive)

Baby, don't stop, don't stop
Do it again
Oh baby, don't stop, don't stop
Do it again
Oh baby, don't stop, don't stop
Do it again
Oh baby, don't stop, don't stop
Do it again
