

Everybody wants you
Everybody wants you

Flashbacks to your house and catholic school
Standing like a soldier I told you you've nothing to prove
Isn't it like Kafka on the Shore?
Cause you don't understand anymore

Everybody wants you

Back down you're falling I'm drinking alone
And it's so cinematic dramatically lone
And you remind me of Paris in the rain
Cause I've never been
Don't you wanna go?

I know it's gonna be alright
I know it's gonna be alright
Oh baby, give me one more night
I know it's gonna be all right

Born from the garden I put on the show
The dance in the drive while the hope's in the door
(Everybody's going there)
And I've got so much time on my hand
(What you want, what you want)
And cut credit cards I can be
What you need
(What you want, what you want)
(Is what you need)

So solipsistic I float in the pool
(Where you going now?)
The future in plastic stuff graduate soon
And I can hold my breath on the couch
But I wanna breathe in while you're breathing out

I know it's gonna be alright
I know it's gonna be alright
Oh baby, won't you hold on tight
I know it's gonna be alright

I know it's gonna be alright
I know it's gonna be alright
Oh baby, give me one more night
I know it's gonna be all right

(What you want, what you want)
(Is what you need, what you need)
(What you want, what you want)
(Is what you need)
