

Melatonin

Carter Vail

Now Jane
Standing over in her nightgown
She's got the phone cord twisted 'round her finger
She's a sight to see
See Jane
Why you staring out the window
Oh with the red eyes tell me his name
That's got you tangled up

Ooooh
Ooooh

Now Jane
She's a lover like a pipe bomb
She's got the pink sunglasses high heels
Gonna walk it out
Now Jane
Whatchya doing in the backseat
I always thought you were a front seat
Cadillac burning up the town with us

She said "You're feeling all right
'Cause you look like hell"
I think I'm doing just fine
As far as I can tell

It's just so easy
When everybody talks so carefully
And you're my melatonin daydream
Pretend you don't, but you know
You know, you know, you know
That they all want you
There's nothing else you really can do
And if you could you wouldn't want to
Oh I know, I know, I know, I know, I know

Ooooh
Ooooh

Now Jane
Where the hell did all your friends go?
They got a job in the city and a kid
You used to be so close
Oh, Jane
Do you remember what you told me
When we were standing in the bathroom
Midnight, baby we were so messed up

You said well you can be mine
I wouldn't mind being yours
I wouldn't take up your time
And I could sleep on the floor

It's just so easy
When everybody talks so carefully
And you're my melatonin daydream
Pretend you don't, but you know

You know, you know, you know
That they all want you
There's nothing else you really can do
And if you could you wouldn't want to
Oh I know, I know, I know, I know, I know

Ooooh
Ooooh
