

# Tappan Zee

Carter Vail

It was accidental  
Spilled my drink around you  
Pour my spirit like the Red Sea  
You wore it like a letter  
No one has to find out  
They don't know you and they don't know me  
Gone

Pushing closer to me  
No one likes these parties  
Well, no one does on New Year's Eve  
I lied, you didn't hear it  
In the New York basement  
Jumping off the Tappan Zee

Whenever I'm near you, I'm a ghost again  
Fading through the walls  
Walking through mirrors like I used to  
Whenever you see me, baby  
Just pretend we'll figure it out  
I know, oh  
Stop

Measure me in inches  
I'm usually bigger than this  
You said you couldn't feel a thing  
Laughed and knew you meant it  
I wonder where my keys went  
I think it's time for me to leave

Whenever I'm near you, I'm a ghost again  
Fading through the walls  
Walking through mirrors like I used to  
Whenever you see me, baby  
Just pretend we'll figure it out  
I know, I know  
Put on a show, oh-oh

Whenever I'm near you, I'm a ghost again  
Fading through the walls  
Walking through mirrors like I used to  
(I can't follow the line...) whenever you see me, baby  
Just pretend we'll figure it out  
I know, oh-oh  
(You gonna be fine, be fine, be fine)  
We'll figure it out (just clear all the mess, you're gonna be fine, be fine,  
be fine)  
I know, oh-oh  
We'll figure it out (just clear all the mess, you're gonna be fine, be fine,  
be fine)  
I know, oh-oh  
(Just clear all the mess, you're gonna be fine)
