

## Run Away

Cary Brothers

It ' s another day,  
And I suffocate -  
With no peace of mind -  
And the forecast tells of a summer storm.  
So I call you -  
Sound in circles-  
Will you come tonight?

You' re gonna run away -  
You' re gonna run away .

Listen up-  
And I ' ll tell you why .  
' Cause the feeling won ' t quit -  
The memories sit -  
They ' re nothin ' now .  
So I call you -  
Sound in circles-  
Will you come tonight?

You' re gonna run away -  
You' re gonna run away .

How long?  
Dear, how long?  
Rushing for long, long time-  
Keeping it all alive.  
How long?  
(How long?)  
Dear, how long?  
(How long?)  
Waiting for one last day -  
But will you be gone away?

So I call you -  
Sound in circles-  
Will you come tonight?

You' re gonna run away -  
You' re gonna run away .  
You' re gonna run away -  
You' re gonna run away .
