CARYS

Spend my nights at your casino
My hand is shit but I won't fold
Up all night to sell my soul
There's better places I could go
There's better places I could go

But nothing I say
Is gonna matter, gonna matter
Nothing I do
Woulda made it any different
Losing control
Brace for the fall
If nothing at all
Thinking I could make it happen like

(Ah, ah)
Everywhere I go leads me back to you, ah
(Ah, ah)
Never gonna stop, win the jackpot too, yeah
(Ah, ah)
Everywhere I go leads me Back to you
(Ah, ah)
Lead me back to you

I've been wasted on your love
Wasted time I'll make it up
It's getting late I should go home
There's better places I could go
There's better places I could go

But nothing I say
Is gonna matter, gonna matter
Nothing I do
Woulda made it any different
Losing control
Brace for the fall
If nothing at all
Thinking I could make it happen like

(Ah, ah)
Everywhere I go leads me back to you, ah
(Ah, ah)
Never gonna stop, win the jackpot too, yeah
(Ah, ah)
Everywhere I go leads me Back to you
(Ah, ah)
Lead me back to you

I've been cut by all these
Lonely strangers
When they tell me
I'm falling in love
What I'm falling for is
All the danger
And I can't seem to get enough

(Ah, ah)

Everywhere I go leads me back to you, ah
(Ah, ah)
(I can't seem to get enough)
Everywhere I go leads me back to you, ah
(Ah, ah)
(I can't seem to get enough) (ah, ah)
Everywhere I go leads me back to you, ah
(Ah, ah)
Never gonna stop, win the jackpot too, yeah
(Ah, ah)
Everywhere I go leads me Back to you
(Ah, ah)
Lead me back to you
