Crush

CARYS

I saw you and my tummy hurt
The way you spoke to me and didn't try to flirt
Can you feel how hot my face is?
Don't know why my heart keeps racing
My friends would say you're not my type
But your kind embrace is making me think twice
Can you feel how hot my face is?
Don't know why my heart keeps racing

I don't feel so special
But I hope that you think I am
We don't have to take it serious
But I hope one day we can

Ooh, I've got a crush on you
I feel like a child, oh, I can't help but smile
When you walk in the room
I've got a crush on you
Do you have one on me too?
I've got a crush on you

I love how you make me feel smart
How we can argue about science and art
Are we gonna kiss right now?
I'm kinda freakin' the fuck out
Even though this is just the start
In another dimension we are never apart
Are we gonna kiss right now?
I'm kinda freakin' the fuck out

I don't feel so special
But I hope that you think I am
We don't have to take it serious
But I hope one day we can

Ooh, I've got a crush on you
I feel like a child, oh, I can't help but smile
When you walk in the room
I've got a crush on you
Do you have one on me too?
I've got a crush on you

Let's not move too fast
I think this could last
Let's not move too fast

Ooh, I've got a crush on you
I feel like a child, oh, I can't help but smile
When you walk in the room
I've got a crush on you
Do you have one on me too?
I've got a crush on you

(I've got a crush on you)
