

# Hurt Like Hell

CARYS

You know me too well  
You know me-you know me  
You know me too well  
You know me-you know me

Living in the garden in your mind  
I'm dreaming all the time  
I wanna feel you right now  
When I'm in any other place  
The colors fade away  
So you should just stay now

This one's gonna hurt like hell  
I've been telling myself  
Gonna hurt like hell  
Won't settle for anything else though  
You know me too well

A single spotlight, a sudden spark  
I think I'm falling too hard  
But the blisters on my feet  
Say something else to me  
We've come too far to give it up now

This one's gonna hurt like hell  
I've been telling myself  
Gonna hurt like hell  
Won't settle for anything else though  
You know me too well

This one's gonna hurt like hell  
This one  
This one  
This one's gonna hurt like hell

Caught in the middle  
I'm giving in a little  
Don't got no roses  
Delivered to my door  
Always reminded that  
We're young and so dumb  
But maybe this is where  
They were wrong, cause

This one's gonna hurt like hell  
I've been telling myself  
Gonna hurt like hell  
Won't settle for anything else though  
I know you too well  
I know you too well  
This one's gonna hurt like  
Oh, this one  
This one  
And this one's gonna hurt like hell  
This one  
This one

This one's gonna hurt like hell  
I've been telling myself  
Gonna hurt like hell  
Won't settle for anything else though  
You know me too well

This one's gonna hurt like hell  
This one  
This one

This one's gonna hurt like hell  
This one  
This one
