CARYS

Way too hot, make 'em talk  
I know they want what I got  
I'm so lucky I have haters  
They remind me I'm the boss  
You bitches wish you were me  
Obsessed with my energy  
I'm drinking right from the source  
And you're looking thirsty at my feed  
Built this shit from the ground  
I get whatever I want  
You know that it didn't come easy  
I had to rise up above  
All of the fakes in the suits  
Were grinding up on my nuts  
Only to turn on me because  
I wouldn't do what they want

Well  
How you like me now?  
I'm a bad bitch, love it  
You don't like me, wow  
You can ring pop suck it  
(Suck it)

Got my shit tied up like shibari  
Get on my brain wave  
Hit - I run it fast like Ferrari  
Identity bend like it plastic  
Come bend-a-me back like elastic  
I slick it back I go faster  
I learned that shit from the master  
Power hungry  
Make em love me  
Call me out  
I come back stunning  
ASAP shit go crazy  
Bitch you tripping if you think  
I care what you think  
No when you hate it's my kink  
Come put me down like I'm nothing
