

Wild

CARYS

I've seen it all
Let the bridges fall
Smashed a phone
You just missed a call
The people talk
They say what they want
Write it on the walls
Of the bathroom stalls
Oh-oh

You make me wanna break things
Smash it up
Throw a brick on the concrete
I bat my eyes at the bad guys
At the bad guys

You make me wild
Wild, wild
You make me wild
Wild, wild

I've seen it all
Let the bridges fall
Smashed a phone
You just missed a call
The people talk
They say what they want
Write it on the walls
Of the bathroom stalls
Oh-oh

You make me wanna break things
Smash it up
Throw a brick on the concrete
I bat my eyes at the bad guys
At the bad guys

You make me wild
Wild, wild
You make me wild
Wild, wild

I'm losing sleep
I'm stuttering
(You)
Sweet disfunction
So done with this
You're poison
Don't know why I love it
But I love it

You make me

You make me wild
Wild, wild
You make me wild
Wild, wild

You make me wanna break things
Smash it up
Throw a brick on the concrete
I bat my eyes at the bad guys
At the bad guys

You make me
