Fuck what they think
It's about what we know

Divine bars stupid

Now don't play games
Don't say names
Come through with the guns out
Brap spray lames
Don't take aim
Hit the whole crowd
Ch, ch boom, ch ch boom
My shit out
Now don't play games
Don't say names
Come through with the guns out
Brap spray lames
Don't take aim
Hit the whole crowd
Ch, ch boom, ch ch boom

Burner in the ride (yeah)
Burner on my side (yeah)
Burn him if he try (yeah)
Murder on my mind (c'mon)
Shoot him in his back then turn him on his side
Before I send him to the sky
I wanna look him in his eyes (boom boom boom)
So I could tell that nigga bye bye (yeah)
And here are some rules that we abide by
Never rat
Stay with a strap (uh huh)

Grab the cartridge then I full it
You think you smarter than a bullet
Tried to dodge it but you couldn't (boom boom boom)
I shoot at crowds
Just to shoot him down (gang)
My ruger loud
That's how I move around

Now don't play games
Don't say names
Come through with the guns out
Brap spray lames
Don't take aim
Hit the whole crowd
Ch, ch boom, ch ch boom
My shit out
Now don't play games
Don't say names
Come through with the guns out
Brap spray lames
Don't take aim
Hit the whole crowd
Ch, ch boom, ch ch boom
