

# Don't Run

Casanova

Niggas try and catch me in the drop  
Niggas try and book me for my watch  
They ain't know I had the Glock  
Now everybody getting shot  
Niggas try and catch me in the drop  
Niggas try and book me for my watch  
They ain't know I had the Glock  
Now everybody getting shot  
Fuck boy, don't run (Where you going?!)  
Fuck boy, don't run (My watch still on me!)  
Fuck boy, don't run (Where you going?!)  
They ain't know I had the gun  
Fuck boy, don't run  
Fuck boy, don't run (Where you going?!)  
Fuck boy, don't run (Get that nigga!)  
They ain't know I had the gun

You know where the Nets play  
Out in Brooklyn, shooting niggas in broad day  
Running off on the plug, nigga that's no way  
Out in Brooklyn, getting bricks from the Oyes  
Two-time comer, that  
Brooklyn bring that money back  
Try and catch me slipping in Lust  
Left with a hundred pack  
Shooters like a cornerback  
Money long, I ordered that  
You should never thought of that  
Now you can't get your daughter back

Niggas try and catch me in the drop  
Niggas try and book me for my watch  
They ain't know I had the Glock  
Now everybody getting shot  
Niggas try and catch me in the drop  
Niggas try and book me for my watch  
They ain't know I had the Glock  
Now everybody getting shot  
Fuck boy, don't run (Where you going?!)  
Fuck boy, don't run (My watch still on me!)  
Fuck boy, don't run (Where you going?!)  
They ain't know I had the gun  
Fuck boy, don't run  
Fuck boy, don't run (Where you going?!)  
Fuck boy, don't run (Get that nigga!)  
They ain't know I had the gun

Born with the Haiti crown  
Then moved to the Brooklyn ground  
I'm on my second win  
I guess it take a zoe to bring another zoe back again  
I brought y'all the 9-1-1 before the world trade  
I could see the world through Ray Charles shades  
Is there a Heaven for a G? 2Pac the bishop  
Cause for the juice, even Duncan will get a little vicious  
Last name start with a J, I'm so cold  
In this cold world, I seen the best froze

When the money turn to violence, long range scopes  
The empire with the power turn to gun smoke  
I used to think that Hollywood was just a movie  
Till the Terminator executed Tookie  
But neither my people, they won't see the night  
They gon step into the light with the guys  
They gon hear screams, they gon have dreams  
They gon see Malcolm talking to King  
The runner become the gunner  
The gunner become the hunter  
The hunter become the hunted  
On America's Most Wanted  
You need a lawyer, let me talk for you  
You in a wheelchair, blood, let me walk for you  
Don't run

Lord my witness, this forty will knock him off his pivot  
Man down, swiper came to take his life  
Pinned down, really shooting something like

Getting to the mula
