

Gripped Up

Casanova

2 bags, need 10 more
She bad, he froze
Young bull, D-Rose
Lean back, limbo
Green Cash, get those
I laugh, you don't
I know, I know
I'm gone, I'm gone

They told me that you got the juice
I'm that dude and I ain't ever lose
Never stress it, I just play it cool
If I want two, I ain't gotta choose (Whoa)

Been ballin' like Jim Jones
Bam-Bam like Flint Stones
Head Nodding, That's Black Code
We ain't nothing like Jim Crow
I've been cooking on the same stove
I've spitting on the D low
Hold on... wait on a minute... I think I got it like bingo

Looking easy like a free throw
Man they think I got the cheat codes
On the Gram new whip, still ain't messing me with me though
I'm a legend, he a legend
2 (Too) Busy, Need 3 Phones
Imma get it, Imma get it
And I'm with the whole team though

Wait...(wait) what...(what)
Why I needa be gripped up?
Y'all must really got it mixed up
Society needa be fixed up
Du-rags all silked up
Waves got me all dripped up
At the top when I lift up
At the top when I lift up

2 bags, need 10 more
She bad, he froze
Young bull, D-Rose
Lean back, limbo
Green Cash, get those
I laugh, you don't

Our empire run YOUR empire
Run the game like monsters

You couldn't stop us with Coppers and choppers, a few bombs and helicopters

Haters now they can't bug us
Ain't no rappers above us
Scared cuz you can't trust us?
This for the city who love us
