You left a comment on my pic
You told me to suck a dick
Now I'm 'bout to let it rip
Now you 'bout to get hit

I'm at your crib from the AM to the PM
I'm right there soon as your lady put the key in
Ayo Ammo AK 'em when you see 'em
Cuz it's [?] always
I was in them streets, in them hallways
Even in the prison it was on me
I'd cut you if you looked at me the wrong way
So I dare you, I swear to God I couldn't wait to get near you
So I could hear you, I don't fear you
I'm in your rear view
I'm in your stairs too nigga I'm tryna kill you

It's me
The one that you been tweetin' bout
Now I'm at your crib nigga ain't no leavin' out
Oh that's your kids ready for school? They ain't leavin' now

I've been on your page for days, in a rage
I wanna waste em, I'm waitin' patient
You can post a pic and you slip
And you post your location
I'm no Jason, I'm no Freddy
No machete, I use a semi
This shit heavy, I hold it steady
You movin' scary, I'm movin' deadly
Do you really want a hot shot
Or you beefin' on the gram 'cuz the cops watch
I'mma pull in a van on a op block
Walk in front of your door and nigga not knock

It's me
