

## Line Me

Casanova

I shoot till my bezels broke  
Check my watch 'fore I let it go  
Take away, smell the smoke  
Nigga just wrapped a brick, with a naked hoe  
She suckin' dick, while she textin' you

Oh, nigga tryna line me, tell my goons get behind me  
Get low, start firin', all you heard was sirens  
Oh, niggas ain't gettin' me, no vest on, they ain't hit me  
They ain't even know I had 50, Lord have mercy, forgive me

I can see clearly, still lookin' for the fools who killed Biggie  
All headshots, no kidneys, still lookin' for the fools who killed Biggie

I shoot till my bezels broke  
Check my watch 'fore I let it go  
Take away, smell the smoke  
Nigga just wrapped a brick, with a naked hoe  
She suckin' dick, while she textin' you

Bitch I'm on parole, cops tried to pull me over at the toll  
Think these pussy nigga told, fuck it! Pedal to the floor  
Cops on the stake out, told my mom hit the safe, get the cake out  
Now I gotta break out, they got the helicopters and the Ks out

I shoot till my bezels broke  
Check my watch 'fore I let it go  
Take away, smell the smoke  
Nigga just wrapped a brick, with a naked hoe  
She suckin' dick, while she textin' you

Now I'm in LA, niggas cry, niggas dyin' everyday  
And I ain't tryin' to play, had them hoolies outside where you stay  
You know I'm with that mob shit, clean 'em up with the stick or the G lock quick  
Fill 'em up with the hot shit, every week I gotta get my watch fixed

I shoot till my bezels broke  
Check my watch 'fore I let it go  
Take away, smell the smoke  
Nigga just wrapped a brick, with a naked hoe  
She suckin' dick, while she textin' you

Oh, nigga tryna line me, tell my goons get behind me  
Get low, start firin', all you heard was sirens  
Oh, niggas ain't gettin' me, no vest on, they ain't hit me  
They ain't even know I had 50, Lord have mercy, forgive me
