That's my word, I'm not doin' no more leg shots  
Yo, I'm tired, doin' no more leg shots  
I hit him in the leg, I should've gave a nigga head shot!

I should've gave that boy a head shot (boo-, boo-, boom!)  
Red dot, nigga, red dot  
I should've gave that boy a head shot (boo-, boo-, boom!)  
Red dot, nigga, red dot  
Now I gotta split your damn block (skkrt)  
Make him red hot, nigga, red hot  
Now I gotta split your damn block (skkrt)  
Make him red hot, nigga, red hot

Got the chopper on me, I'ma do a nigga (do a nigga)

Bullets to his chest, bullets to his leg  
Pussy nigga started duckin', so I missed his head  
If I could knock with this joint, I'm goin' to the Feds  
Fuck it, 'cause I want that motherfucker dead  
My fire work like July 4  
Now it's time to make 'em hurt, knock his mouth off  
I was aimin' for his head, like a coin toss  
Boy I'm 'bout to split his block, get the white chalk  
And I ain't missin', he afraid to put them niggas snitchin'  
On a mission with a Smith, I'm 'bout to kill a witness  
He was slippin', he was slippin', so I started hittin'  
Had to kill him, he was finished once the shot hit him

I should've gave that boy a head shot (boo-, boo-, boom!)  
Red dot, nigga, red dot

Slappin' niggas on they back, where they wobble  
Hit his buck, yeah fuck it got a double (rraahh)  
Set a play on his team, then we hurry  
Shots fired, man down, that's a headshot (what)  
Servin' up for the green in a red top (gone)  
Expensive with my music this a [?] spot  
Casanova hit me for a body and you know I'm proper  
Lemme get that 10 in the weekend with the Maserati  
Ain't gon' really say too much, 'cause we don't trust nobody  
My Glizzy on 50, don't one of you niggas come and trouble
