Nuttin' on her lipstick
She a freak ho, she licked it

This her favorite song (Uh huh)
No draws, fuck a thong (I don't like those)
Record it, make a porn (Let's do it)
Don't call me in the morn (Nuh uh)
Don't ask me what happened
I'm runnin' out this back end
Might give that ass a slap (Take that)
Before I head to the trap

Made that, made that ass take a nap (Uh huh)
All my slime say, "Slap" (B-r-r-rap)
I love the way you deep throat
Keep ticklin' my feet, ho
She on the pole, I'm throwin' c-notes
She a bartender, might slide in her
If the pussy good, might buy her dinner
Might buy her dinner
