

# Back for Good

Cascada

(Tried so hard)

Everybody wants to know how I'm feeling  
Everybody's [?]  
I'm fed up recent time, just believe it  
I am good here on my own

And you don't know what you've been missing  
I'm not your stupid love affair  
So you shut up and start to listen  
'Cause I can feel it everywhere

Don't want you back for good (tried so hard)  
Don't want you back for good  
Don't want you back for good (tried so hard)  
Don't want you back for good  
Back, back for good

(Tried so hard)

(Tried so hard)

Do you think I'm taken in by your drivel?  
That one kiss can change the world?  
What you think about love gives me shivers  
Boy, you've got your vision blurred

And you don't know what you've been missing  
I'm not your stupid love affair  
So you shut up and start to listen  
'Cause I can feel it everywhere

Don't want you back for good (tried so hard)  
Don't want you back for good  
Don't want you back for good (tried so hard)  
Don't want you back for good  
Back, back for good

Don't want you back for good (tried so hard)  
Don't want you back for good  
Don't want you back for good (tried so hard)  
Don't want you back for good

Back for good (tried so hard)  
Back for good  
Back for good (tried so hard)  
Back for good

Don't want you back for good (tried so hard)  
Don't want you back for good  
Don't want you back for good (tried so hard)  
Don't want you back for good  
Back, back for good

Don't want you back for good (tried so hard)  
Don't want you back for good  
Don't want you back for good (tried so hard)

Don't want you back for good
