

# Madness

## Cascada

Let me be the method to the madness  
The reason for your crazy, crazy, crazy  
We'll be making perfect sense of this mess  
I know that we can make it, make it, make it  
Let me be the method to the madness  
The reason for your crazy, crazy, crazy  
No one in the world will understand us  
But look how far we've made it, made it  
Made it through the madness

Yo  
Go in, go hard  
Go wild or take your bitch ass!  
Go in, go hard  
Go wild or take your bitch ass!  
Party music

Excuse me, you're fascinating  
Let me push on your buttons of activating  
Can you twerk out your backs, I'm percolating  
B-U-T-T that's just amazing  
All I want is couple shots with you  
Me, you and your girlfriend round the rooms  
Go 'head, go wild  
It's what you came to do, right?  
But don't blink or you'll miss the dude!

Let me be the method to the madness  
The reason for your crazy, crazy, crazy  
We'll be making perfect sense of this mess  
I know that we can make it, make it, make it  
Let me be the method to the madness  
The reason for your crazy, crazy, crazy  
No one in the world will understand us  
But look how far we've made it, made it  
Made it through the madness

P-A-R-T-Y wild,  
Let me get a read out on this party music,  
Joint droppin, pill poppin'  
You live one life, why not abuse it?  
It's one dive in a room full of booze and  
Till it starts everybody in my shoes, and  
Hard boom, n-gga, everyone wanna screw me  
Pop bottles, we just can't lose it!

It's one dive in a room full of booze and  
Don't let anybody in my shoes, and  
Hard boom made everyone wanna screw me  
Or take your bitch ass home!
