Cascada

The vinyl's spinning
I feel the beat control me
The room's vibratin'
My eyes start to explore
Spotlights are blindin'
And we we're all lost in music
Champagne is raining
My body's craving more

It's just a matter of time
The beat goes on and on
Tonight we reach for the sky
'Cause we are wild and free now

So quit your cryin'
Get yourself on the floor
Studio 24
Oh oh oh
No need for hidin'
I wanna give you more
Studio 24

I feel you call
Don't seem so small anymore
A kind of magic
Dancing through the night
A golden time
That sparkle in your eye
You pull me closer
In the disco light

It's just a matter of time
The beat goes on and on
Tonight we reach for the sky
'Cause we are wild and free now

So quit your cryin'
Get yourself on the floor
Studio 24
Oh oh oh
No need for hidin'
I wanna give you more
Studio 24
Oh oh oh

So quit your cryin'
Get yourself on the floor
Studio 24
Oh oh oh
No need for hidin'
I wanna give you more
Studio 24

(Get yourself on the floor)
(Get yourself on the floor)

It's just a matter of time

The beat goes on and on
Tonight we reach for the sky
'Cause we are wild and free now

So quit your cryin'
Get yourself on the floor
Studio 24
Oh oh oh
