

Until This Day

Case

Dun-dun-dun, dun, dun

There's so many ways that I could say
Everything that I've been tryna say
But I can't be alone, be you
And if I ever get you to come here
I don't want your body to be near
Just because I love you so and I know

Even though I let you go, I don't really wanna know
If you're seein' any other dudes, 'cause I can't just be alone
Even though I've been in love before
I can't believe that we're no more
You say I slept on you and that's true
But that's why I'm tellin' you

Until this day (This day)
Though we both grown (Both grown)
Your love's the best I've ever, ever known
Until this day (This day)
I wish you close (You close)
'Cause the day you left was a knockout blow

The love song's (The love song) all gone (All gone)
You gone, all gone
We used to live the dream
And I'm so ashamed of what I've done (So, so ashamed)
I always knew you were the one
But I guess this time my shit was way too much

Even though I let you go, I don't really wanna know
If you're seein' any other dudes, 'cause I can't just be alone
Even though I've been in love before
I can't believe that we're no more
You say I slept on you and that's true
But that's why I'm tellin' you

Until this day (This day)
Though we both grown (Both grown)
Your love's the best I've ever, ever known
Until this day (This day)
I wish you close (You close)
'Cause the day you left was a knockout blow (I know)

Even though I let you go, I don't really wanna know
If you're seein' any other dudes, 'cause I can't just be alone
Even though I've been in love before
I can't believe that we're no more
You say I slept on you and that's true
But that's why I'm tellin' you

Until this day (This day)
Though we both grown (Both grown, to this very day)
Your love's the best I've ever, ever known (You're the best I've ever, ever had)
Until this day (This day)
I wish you close (You close, ooh)

'Cause the day you left was a knockout blow (Yeah, I've ever known, baby)

Ooh

Best that I've ever, ever known

Yeah, yeah-yeah

Yeah, I ain't been the same, baby
