

Heart Shaped Waffles

Casey Abrams

I had heart-shaped waffles in the Philippines
And pancakes in the shape of love
Baked a cake with my baby, I ate it, now lately
I feel like I'm floating above
The grapefruit here is pretty exquisite
The mango here is pretty bomb too
If I could dance with anybody on this sweet earth
It would be with banana pudding and you

Oh please dear Lord, don't you take me away
I can eat, sleep, dance, work and play
It's this beautiful country, I'd like to stay
Forever
