

# Everything We Need

Casey Barnes

Nobody knows the ending  
We're all just racing time  
Regardless of fate, I win first place  
Cause you're mine mine mine

We may not have the answers  
Like the big man in the sky  
Don't always have the patience for  
The things that don't seem right  
But love, it keeps us going  
It gives me every reason to believe  
We may not have everything we want  
But we've got everything we need

Sometimes I get frustrated  
Sometimes I lose my mind  
But one look my way and it's all ok  
Cause you're mine mine mine

We may not have the answers  
Like the big man in the sky  
Don't always have the patience  
For the things that don't seem right  
But love, it keeps us going  
It gives me every reason to believe  
We may not have everything we want  
But we've got everything we need

Take my hand tonight we'll dance  
Like we're dancing on water  
I've fallen for you  
Strike up the band I'll stay  
As long as you want me to  
As long as you want me too

We may not have the answers  
Like the big man in the sky  
Don't always have the patience  
For the things that don't seem right  
But love, it keeps us going  
It gives me every reason to believe  
We may not have everything we want  
But we've got everything we need  
Everything we need  
May not have everything we want  
But we've got everything we need
