Fine Wine

Casey Barnes

Some are put on a shelf, others don't stay too long
Some are bad for your health, all 'cause they're wrong for you

But, baby, you're a classic, there's not another made like you
You're beautiful magic, I'll always get drunk on you
You

Your timeless grace, smooth to the taste
Better with age as the years go by
I know we'll change, and I just can't wait
Make no mistake, it gets better with time
'Cause you're my fine wine

So say you'll grow old with me, there's nowhere I'd rather be
Was always our destiny, 'cause I belong to you
You

Your timeless grace, smooth to the taste
Better with age as the years go by
I know we'll change, and I just can't wait
Make no mistake, it gets better with time
Oh, 'cause you're my fine wine

Your timeless grace, smooth to the taste
Better with age as the years go by
I know we'll change, and I just can't wait
Make no mistake, it gets better with time
Oh, 'cause you're my fine wine
Oh, 'cause you're my fine wine
