

# The Lucky Ones

Casey Barnes

My lover  
The light in her eyes, it blinds me  
My lover, no other  
She's sweeter than wine, reminds me  
No other

Just like a cigarette, breathe you in  
I get a taste and I forget everything  
My lover  
She's turning the gray inside me to color

It's all that I know, we're destined to be  
It's a billion to one that you'd end up with me  
If lightning struck twice, their numbers came up  
They still ain't as lucky as us

My baby  
She feels just like home, she knows me  
My baby, she's a lady  
She knows how to hold me closer  
She's a lady

Just like a crystal glass, fine as hell  
I take a sip and I go losing myself  
My baby  
She lifted me up and saved me  
Yeah, my baby

It's all that I know, we're destined to be  
It's a billion to one that you'd end up with me  
If lightning struck twice, their numbers came up  
They still ain't as lucky as us

It's all that I know, we're destined to be  
It's a billion to one that you'd end up with me  
If lightning struck twice, their numbers came up  
They still ain't as lucky as us

No, no, we're the lucky ones  
We're the lucky ones (The lucky ones)  
We're the lucky ones  
We're the lucky ones  
We're the lucky ones

It's all that I know, we're destined to be  
It's a billion to one that you'd end up with me  
If lightning struck twice, their numbers came up  
They still ain't as lucky as us

It's all that I know, we're destined to be  
It's a billion to one that you'd end up with me  
If lightning struck twice, their numbers came up  
They still ain't as lucky as us  
We're the lucky ones (Don't we feel like lucky ones?)  
We're the lucky ones (The lucky ones)  
We're the lucky ones  
They still ain't as lucky as us
