

# Crazy

Casey Donahew Band

She's always callin' me  
Won't stop followin' me  
She'll never leave me alone  
Shows up everywhere, I pretend like I don't care  
But she's so hard to ignore  
Buys me expensive things, she's been obsessed since Spring  
That night we met by the lake

Oh, I think that she's crazy  
Out of her mind  
Maybe she's lonely, lookin' for a good time  
Maybe she's strange, probably deranged  
Do her eyes seem hazy?  
Oh, I think that she's crazy

Drives her daddy's car, down to the honky tonk bar  
He thinks she's out with her friends  
She takes a couple classes, drinks beer in champagne glasses  
She's got car seats with no kids  
She got caught shopliftin', from mall to mall she's driftin'  
Tattooed my name and shaved her head

Oh, I think that she's crazy  
Out of her mind  
Maybe she's lonely, lookin' for a good time  
Maybe she's strange, probably deranged  
Do her eyes seem hazy?  
Oh, I think that she's crazy

Yeah I think that she's crazy

Drivin' around and I don't see, How this girl gets to me  
I feel like I'm breakin' down, I wish I could turn around

I think that I'm crazy  
Out of my mind  
Maybe I'm lonely, lookin' for a good time  
Maybe I'm strange, probably deranged  
Do my eyes seem hazy?  
Well I think that I'm crazy  
Out of my mind  
Maybe I'm lonely, lookin' for a good time  
Maybe I'm strange, probably deranged  
Do my eyes seem hazy?  
Oh, I think that I'm crazy

Oh she's makin' me crazy

That girl she's drivin' me crazy
