

Kiss Me

Casey Donahew Band

Never seem to be alone.
Can't find a stepping stone and,
This went better when I played it in my mind.
And there's a silence in the air,
Don't you know how much I care?
Don't you know that you're the reason that I dream?

She said, "I've been waitin' on you to kiss me.
Waitin' on you to make your move.
There's a window open to steal my heart
And I'm waitin' on you to kiss me."

It's all these little games and;
I hope you feel the same.
I've lived my life afraid to never to know the truth.
She said "Don't walk away, I need you to stay.
If you want, you can wrap me in your arms."

She said, "I've been waitin' on you to kiss me.
Waitin' on you to make your move.
There's a window open to steal my heart
And I'm waitin' on you to kiss me."

Waitin' on you
Waitin' on you
Waitin' on you to kiss me.
[x2]

I've been waitin' on you to kiss me.
Waitin' on you to make your move.
There's a window open to steal my heart
And I'm waitin' on you to kiss me.
[x2]

Waitin' on you
Waitin' on you
Waitin' on you to kiss me.
