

# Where The Rain Can't Find Me

Casey Donahew Band

I woke up to the rain this morning  
Forgot the couch was my bed  
And I drove to work just thinking  
Just about things that you had said  
And I got stuck in traffic  
Cussed for days upon days  
And I got to find a getaway from all your wicked ways

And I'm just gunna go where the rain can't find me  
Far enough so that you know we're through  
Somewhere where the waves crash on white beaches  
And all the waters bloom

I'll be burning on a golden beach top  
Sunglasses for my eyes  
And everyone here thinks I'm happy  
I can't hear your lies  
Gotta love a girl rubbin my shoulder  
Helping me work on my tan  
All my drinks they've got umbrellas  
And I'm gunna drink all I can  
Let's just go

Where the rain can't find me  
Far enough so that you know we're through  
Somewhere where the waves crash on white beaches  
And all the waters bloom

I'm just gunna go here the rain can't find me  
Far enough so that you know we're through  
Somewhere where the waves crash on white beaches  
And all the waters bloom

Where the rain can't find me  
Far enough so that you know we're through  
Somewhere where the waves crash on white beaches  
And all the waters bloom

Where the rain can't find me  
Far enough so that you know we're through  
Somewhere where the waves crash on white beaches  
And all the waters bloom

I woke up to the rain this morning
