

## Eye 2 Eye

Casey Donovan

Lost child  
dreaming of a happy life  
close my eyes  
and fly away  
feeling frozen like a winters night  
thought I heard you say

You said 'til death do us part  
I was so young  
when you left with my heart

Can't keep on running away  
Can't keep on smiling  
When I need to cry  
Can't we see eye to eye?

All I  
all I've ever wanted  
was to hear you say  
you loved me and you cared

Where are your tears  
don't you dare run and hide

Can't keep on running away  
Can't keep on smiling  
When I need to cry  
Can't we see eye to eye?

If you could hear the words I say  
would you still hear me anyway?

Can't keep on running away  
Can't keep on smiling  
When I need to cry

Can't keep on running away  
Can't keep on smiling  
When I need to cry  
Can't we see  
Eye to eye?
