Never Run Dry

Casey J

And your love is a never-ending well
It never runs dry (never runs dry)
God your love is a never-ending well
Say it never runs dry (never runs dry)
God your peace is a never-ending well
And it never runs dry (never runs dry)
Tonight, we're searching for a peace and it's a never-ending
Well and it never runs dry
We can go back to the well
God we're so thankful that we can go in search of the well
God we're grateful that we can always go back to the well
(Even if we've left it)

God we're thankful that we can always go back to the well
It never runs dry (never runs dry) [10xs]
Tonight, his love is a never-ending well and it never runs dry
It never runs dry
Tonight, Your love is a never-ending well and it never runs dry
I have your joy and it's a never-ending well
And it'll never run dry
I have your joy and it's a never-ending well
Say it never runs dry
It never runs dry [repeat]
It's pouring out right now and it's souring out right now
It never runs dry [repeat]
