

One Word

Casey J

One word the angels choose to sing
One word they cry out over again

Holy, Holy
They cry
Holy, Holy
Just one word
Holy, Holy
They cry
Holy, Holy

They have access to every word
Righteous and mighty, awesome
He deserves
(Yet they sing)

Holy, Holy
They cry
Holy, Holy
Can you hear them
Holy, Holy
They cry
Holy, Holy

They join with one intention
Just one heart they're trying to impress
So with one word of worship
With one voice, they address

They join with one intention
Just one heart they're trying to impress
So with one word of worship
With one voice, they address

They join with one intention
Just one heart they're trying to impress
So with one word of worship
With one voice, they address

They join with one intention
Just one heart they're trying to impress
So with one word of worship
With one voice, they address

Singing
Now we join with the angels
Singing
With one word of worship
Singing

Holy, Holy
They cry
Holy, Holy
Just one word
Holy, Holy
They cry
Holy, Holy

Holy, Holy
We cry
Holy, Holy

Now we join with the angels
Singing
With one word of worship
Singing

Now we join with the angels
Singing
With one word of worship
Singing

Holy, holy, holy
Singing
Holy, holy, holy
Singing
Holy, holy, holy
Singing"
