You are, You are, You are the Truth [x4]

You are the Truth and the Light that's always shining
Truth and the Light that's always shining
Truth and the Light, Truth and the Light

You are the Truth and the Light that's always shining
Truth and the Light that's always shining
Truth and the Light, Truth and the Light

You are, You are, You are my hope [x4]
You are my hope and anchor; I won't fall
My hope and anchor; I won't fall
You are my hope, You are my hope

You are my hope and anchor; I won't fall
My hope and anchor; I won't fall
You are my hope, You are my hope

You are, You are, You are my peace [x4]
You are my peace and joy when everything's falling
Peace and joy when everything's failing
Peace and joy, peace and joy

You are my peace and joy when everything's falling
Peace and joy when everything's failing
Peace and joy, peace and joy

You are the Truth and the Light that's always shining
Truth and the Light that's always shining
Truth and the Light, Truth and the Light

You are the Truth and the Light that's always shining
Truth and the Light that's always shining
Truth and the Light, Truth and the Light
