

## Back Then

Casey Veggies

Run up that check, I do magic  
When I run up that-

I get the front and the back end  
When I run up that check, I do magic  
She wanna fuck with a real one that came up, yeah, I'm the same nigga  
from back then  
I was fucking with baby since back then  
I been rocking that Bape shit back then  
Niggas be poppin' it, I hear 'em talking about it, but I know they ca  
pping  
We came in the club and we packed in  
When we outside, we can't do no lacking  
I know these niggas be watching the way that we movin', the way that  
I'm stackin'  
When it's that time and I'm focused, can't answer her calls, I can't  
do no relaxing  
Who else gon' do it if I ain't gon' go out and get it and make this s  
hit happen?

Go big, don't forget where you came from  
Shout big Joe, that's who I got the game from  
I stayed true to my grind and I came up  
Yeah, shoutout them niggas that changed up  
Straight out the hood, do this shit for the culture, I really didn't  
care to be famous  
She wanna come to my side of the coast, lil' baby, I made the arrange  
ments  
Locked in these streets, you feel chained up  
Got these lil' niggas keepin' they chain tucked  
When he jumped off the Porsche, it got dangerous  
Runnin' fades in the back got his name up  
She say she tired of them lame ones, but lil' baby know I ain't the s  
ame one  
He the type to go and fall in love, but she know to leave a nigga ban  
krupt  
Doctor said I need a checkup  
Yeah, I been winning, but I'm next up  
Fuck that talking, put your bet up  
I'm applying pressure, I can't let up  
Money good if it's on the floor  
She don't hold me down, then I might let it go  
Hold me down and maybe we can grow  
If it's love, then baby, let me know

I get the front and the back end  
When I run up that check, I do magic  
She wanna fuck with a real one that came up, yeah, I'm the same nigga  
from back then
