

# Backflip

Casey Veggies

Aye, bet the money make her do a backflip  
Do it for the team, homie that's it  
Use to put money in a mattress  
We do it all the time, no practice  
I bet the money make her do it  
I bet the money make her do it, make her do a backflip  
I bet the money make her do it  
I bet the money make her do it, make her do a backflip  
Ahhh ahh, ahhhh ahhhh (make her do a backflip)  
Ahhh ahh, ahhhh ahhhh (make her do a backflip)

I'm just a young nigga with a promise future  
I gotta get this dough, nigga, no excuses  
You wasn't really real, it was nice to know you  
Told God I'm only bout that real he said, "hallelujah"  
Take my time but it's coming in fast though  
My new chick better than my last ho  
Getting money I could put your mans on it  
Don't talk about it, drop bands on it  
I can turn your bitch into a fan, homie  
Young nigga hot, put a fan on me  
I'm the man homie, I'm the man homie  
Young nigga hot, put a fan on me  
She said I got a couple friends just like me  
They from the bay, hella' thick and get hyphy  
Twelve months all about the cash flip  
Bet that money make her do a back flip

It's YG 4 hunnid, I got a question to ask  
Would you suck dick, fuck dick and lick balls for that hang bag  
Would you let me run a train up and pay your car note  
If it was due tomorrow?  
If you would strictly dickly would you let a bitch lick your pussy and titties, would you?  
Would you fuck me then fuck my homies, you really love me though  
But he was gonna' give you that mutt  
She just tryna' take care of hers, she a real bitch  
But if you had a baby daughter, would you still strip?  
She just tryna' get rid of that stress so every question I asked she said "yeah", aye

Aw man, baby girl a model or a actress  
I'm a go dumb on the mattress  
Hit it from the front, hit it from the back end  
You know she just want some satisfaction  
Make her bend it over then I smacked it  
I can tell that she really attracted  
Run that too, man, my brody tagged it  
Three hoes on me but I'm only one man  
I'm faded off Patron, yeah I'm in my zone  
The money make her backflip. she never going home  
She do it for the books and I'm a do my stuff  
Girl you know what's up, I beat the pussy up
