

Candy

Casey Veggies

2 Fly for that

I stole her heart just like a bandit
Girl, I'm a savage, but I'm romantic
She taste sweet just like candy
Shawty bad, from another planet
Girl, I can see it by the way that you walk
You can hear the money in the way that I talk
Is you in love with me or you in love with my clout?
Girl, I can tell you want to be with a boss
Yeah, but you a boss too, yeah, I know that you are
Want to ride with the driver, ain't rolling the car
When I see you, it be timeless, yeah, girl, you a star
Like diamonds, you be shining, I don't focus on flaws
Yeah, I said my new girl so rude
You try to get her, she gon' act like she don't know you
On me, she gon' do whatever for me
That love drug, she gon' f*ck around and OD

Shawty fell in love with the lifestyle
Came up, we living life now
She told me she wanna settle down
I told her, "Baby, I ain't ready now"

They say a good chick come in handy
My little baby sweet like candy
She say she love me, but she can't stand me
Nobody really understand me
They say a good chick come in handy
My little baby sweet like candy
She say she love me, but she can't stand me
Nobody really understand me

She don't f*ck with thugs, but she f*ck with us
And every time this song come on, she gon' f*ck it up
She feeling shy 'cause I got her throwing up a dub
I'm feeling bad 'cause she stepping in the name of love
She f*ck with Michael B. Jordan 'til she saw him wearing Coach
I told her meet me up at Fendi, we can step it up
Met Gala only time I put the weapon up

Red nails, red carpet, got her reppin' Blood
She look like Cardi, but don't rap
She be on you bitches' head, no cap
Pina coladas in the Sandy Koufax
Had on my Mitchell & Ness when she threw that shit back, ayy
From duck hunting guns to .38's
I had her all in the Harlems like Murder Ma\$e
She from the 30's and I f*ck with her
Witness to my first murder, nigga, so I'm stuck with her

I told her, "Baby, I ain't ready now"

They say a good chick come in handy

I just need a little baby who gon' rock
I took shawty straight off of the block
Girl, we gon' see if you can go nonstop
Little shawty got her game on lock
I just need a little baby who gon' rock
I took shawty straight off the block
Girl, we gon' see if you can go nonstop
Little shawty got her game on lock
I just need a little baby who gon' rock
