

Cullinan

Casey Veggies

(Radioaktive)

I'm no longer, you know what I'm sayin'
Man I used to be
On some new shit, yeah

Came from the bottom, now I'm chosen
I don't want them diamonds, they ain't frozen
Yeah, been knew since a young nigga I done growed up
I done cashed that check, I done glowed up
Baby run that back, what you want?
I can run that sack up alone
Young nigga gettin' money with the old niggas
I can never wife up no gold digger

My Cullinan that truck, brand new Rolls, nigga
Get money but I'll never sell my soul
From the 90's but I got game from the dope dealers
Taught me how to keep my bank account on swole, nigga
When it's just me in them trenches I can't fold
Catch a body, I can never tell a soul, nigga
To this lifestyle we was young, we got exposed to it
Yeah, my mom and my pops raised a go-getter
Yeah, my life like the scene fresh off Belly
It be murder all around me, free Melly
Break it clean, I ain't never had no celly
But I'm gettin' calls from the jail, what they gon' tell me?
Aw man

Came from the bottom, now I'm chosen
I don't want them diamonds, they ain't frozen
Yeah, been knew since a young nigga I done growed up
Yeah, I done cashed that check, I done glowed up
Baby run that back, what you want?
I can run that sack up alone
Young nigga gettin' money with the old niggas
Yeah, I can never wife up no gold digger

Have baby buy me baby and be a millionaire
Pullin' pistols out the drawer like it's silverware
Put a whislte on a blower, this shit military
My white pull up dunk, call him Brad Berry
Leave it to your friends to expose you
Gotta keep your enemies the closest
Shit can go bad off emojis
Imagine what they'd do for a Rollie
Payback a bitch, bitch I'm [?] I still watch my back
(Payback a bitch, bitch I'm [?] I still watch my back)
I need a butler like Geoffrey, that new one be strapped
(That new one be strapped)
Like a hoe, you hustling backwards
Life is more than what you can capture
Push a Cullinan around the Atlas
Still show my face in the [?]
Lord knows I came so far

Came from the bottom, now I'm chosen

I don't want them diamonds, they ain't frozen
Yeah, been knew since a young nigga I done growed up
Yeah, I done cashed that check, I done glowed up
Baby run that back, what you want?
I can run that sack up alone
Young nigga gettin' money with the old niggas
Yeah, I can never wife up no gold digger

This song was dedicated to all the real ones we lost too soon
You know what I'm sayin'
Young nigga just tryna shine and go get it
Niggas always hatin', know what I'm sayin'
We gotta overcome that shit, you know what I'm sayin'
That's the battle, that shit
