Yeah, since y'all forgot
Aw man

Bad bitches, see them bands she gon' crash out
You was cool in high school but you ain't bad now
Ran it up, let's see who get the last laugh now
When I pull up in that drop I go crazy
I know that money make her wanna have my baby
Her ex nigga ain't got no hustle, he too lazy
The streets of LA got my heart 'cause this shit made me
There's too many niggas cool with all that fake shit
A young nigga do it drill, he don't say shit
[?] OVO he let Drake hit
Hit the lick and then we slide off in a spaceship
Let's go to [?], baby, send me your location
My cousin went back in, just got off probation
Throwing hundreds in the club, told her "Shake it"
This been my city, boy you on some late shit

Shake it
Told her "Shake it"
Shake it
This been my city, boy you on some late shit
Hit the strip club, yeah, I'm finna throw some
Broke bitches always asking me to hold some
When we pulling up with gang you know the pole coming
Niggas really don't want smoke if big bro coming

Hundred on my whip, hundred on my bitch
Niggas stealing my drip, they really hate to admit
These groupies think they lit but they really ain't 'bout shit

Shawty want a boss nigga, she know I'm a big dog
Playing with my money, put a hundred on your head, dog
You ain't getting no cash, you ain't popping
Baby move too fast, she got options
I could never fuck my check up for no thot
Once I get my back they can't stop me
Gotta [?] how I rock
I got shotters with them dreads, they gon' drop shit
Bad bitch in my Coop, she get dropped off
I ain't nothing like your boo, girl, I'm top dog
Lil baby loving the crew
She wanna be my baby but I let her join my group, yeah
These hoes ain't [?], yeah

Shake it
Told her "Shake it"
Shake it
This been my city, boy you on some late shit
Hit the strip club, yeah, I'm finna throw some
Broke bitches always asking me to hold some
When we pulling up with gang you know the pole coming
Niggas really don't want smoke if big bro coming
