Casey Veggies

Yea yea

Awwww

Yea yea

Yea yea

Awwww

She just wanna fuck with a young nigga cuz I'm next

Yea

Young nigga all in the coupe

No I cannot follow the rules

These niggas hatin salute

But I know they follow my moves

Baby she know I'm the truth

Girl these niggas lyin to you

They threw dirt on my name like it's cool

But baby she still wanna chose

Baby you know that I'm with it

You ain't gotta lie to just kick it

She wanna fuck with the kid

Cuz she know I'm a lottery pick

I'm catchin vibes in the trenches

Little baby gon ride with a nigga

She wanna get high with a nigga

She know that the sky's the limit

Baby if I make you mine these niggas ain't takin you from me

I made it out of the streets and now I'm just chasin the money

I run up that check up and repeat

I'm havin my way with the money

She want a penthouse suite

She wanna lay where it's sunny

I might bring sand to the beach

If little baby you need

She act like she won't fall in love

But I know little baby a freak

You be looking so good at the clubs

You tryna run up a fee

Ever since I got a buzz them groupies be flocking for me

She tellin her friends that I'm thirsty

But baby she came on to me

Then once the shawty get to workin

I swear that she can't even leave

She came in with her ex nigga

But she left with a G

You left the nigga yea you hurt him little baby

Ride the wave like a surfer little baby

Young nigga all in the coupe

No I cannot follow the rules

These niggas hatin salute

But I know they follow my moves

Baby she know I'm the truth

Girl these niggas lyin to you

They threw dirt on my name like it's cool

But baby she still wanna chose

Baby you know that I'm with it

You ain't gotta lie to just kick it

She wanna fuck with the kid  
Cuz she know I'm a lottery pick  
I'm catchin vibes in the trenches  
Little baby gon ride with a nigga  
She wanna get high with a nigga  
She know that the sky's the limit

I'm ridin straight down La Brea  
And now I'm slidin on sunset  
When a young nigga hop out a foreign  
I know her pussy get so wet  
Baby girl I been patient  
Now it's my time like a Rolex  
She don't wanna fuck with no scrubs  
She wanna go where the dope at  
I rock with her  
She used to fuck with a nigga when I didn't pop no tags  
I was still a little fly young nigga when I didn't get no bags  
I'm talkin I can still give her little game when I didn't have no cash  
Yea I used to beat that shit out the frame when she didn't have no ass

Young nigga all in the coupe  
No I cannot follow the rules
