

# Selfish

Casey Veggies

Hey, 20

I heard you with Rockie and Casey

Young nigga stuck to the protocol

Coach didn't play me but they know I ball

Riding through the city like I'm above the law

Why they mad? 'Cause a nigga making more than y'all

Shit fucked up, everybody selfish

I'ma spread love 'cause I really can't help it

Street smart nigga, ain't nothing you could tell me

I don't believe the shit they tryna sell me

If I was going up the road would you mail me? I'd holla back

I'm so LA like a Dodger cap

We the ones that brought it back

But them niggas hate to acknowledge that

I'm blessed up, I'm supposed to smile

On the west side I'm a poster child

I'm living fast but a wise man said "For you to last, you should slow it down"

I need time to focus on myself

Feel like I've been living in a cell

I'ma roll the dice until there's nothing left

I need time to focus on myself

Feel like I've been living in a cell

I'ma roll the dice until there's nothing left

Been here for like ten years and seen people change so often

They never give you your flowers, that's why you gotta make your own garden

I just planted seeds, got a money tree and gave every leave to my daughter

We still shine on the rainy days, a young nigga drippin' like water

And I had a job at the drive through but I ain't really like to take orders

Still turn beef into burgers, everything I touch get murdered

And I'm so Chicago I just took the Bimmer straight to Harold's and I got a six piece

Mild sauce but ain't shit sweet

Can't feed y'all if I can't feed me

I need time to focus on myself

Feel like I've been living in a cell

I'ma roll the dice until there's nothing left

I need time to focus on myself

Feel like I've been living in a cell

I'ma roll the dice until there's nothing left

Hey 20, you been working heavy

Now you on Fresh Veggies

Going for it, no punt

Boys been smoking, real runs

20 have a real bag

Your ex nigga went out bad

Damn, 12AM in ATL

Tell me why you Hollywood

Man that pussy probably good

You know rap game is a mess

We all know that Rockie fresh

You know Casey got the west  
They know 24 the best

I need time to focus on myself  
Feel like I've been living in a cell  
I'ma roll the dice until there's nothing left  
I need time to focus on myself  
Feel like I've been living in a cell  
I'ma roll the dice until there's nothing left
