## **Here And Now**

Swimming through the world I wanna get all around Let's get lost in time I wanna feel just like Shooting stars In the stage Like holding the miles I don't care Only life There's only There's only Here and now! I can see it I can feel it take control Here and now! Said I need it Let the music heal your soul Oh oh oh, oh oh oh Oh oh oh, oh oh oh Here and now! Said I need it Let the music heal your soul I can feel it Feel it I can feel it take control Here and now! Swimming through the world I wanna get all around Let's get lost in time Here and now! I can see it I can feel it take control Here and now! Said I need it Let the music heal your soul Oh oh oh, oh oh oh Oh oh oh, oh oh oh Oh oh oh, oh oh oh Oh oh oh Here and now! I can see it I can feel it take control Here and now! Said I need it Let the music heal your soul Oh oh oh, oh oh oh Oh oh oh, oh oh oh Here and now! Said I need it Let the music heal your soul
